Pro's

CONS

WHAT COULD THAT BE?

GASP!

You can't say who it's from! or the
letter won't be sent

You won't know who it's to
Also, make sure the letter is school-
appropriate!

Think about how sharing a kind word via Pen Pals can change your environment!

PAY IT FORWARD

Start a revolution of positivity!

All it takes is a small act of kindness to brighten someone's day and spread like wildfire.

Imagine this:

Student writes a heartfelt note to a friend

That friend turns and helps a peer with math homework

That peer decides to pay for a stranger's coffee

...and so on until a chain is formed.

Imagine all the lives that could be touched!
