Would You Rather Earth Day Edition

Would you rather recycle or reuse?

Would you rather live
underground like a gopher or
live in the trees like a monkey?

Would you rather plant 200
trees a day or
plant a 200 acre field of
crops?

Would you rather live in a
solar powered house or
live in a wind powered house?

And now, a word from Student Council...

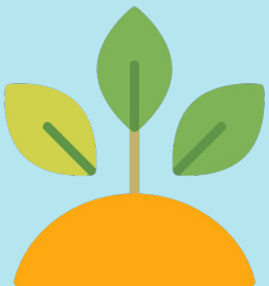

GMS Student Council Presents:
